Jumble is a word puzzle which is played by scrambling the letters to make an anagram, based on some clue. Jumble Solver helps you solve such puzzles if you enter some clue (scrambled letters). You enter the jumbled/scrambled words and it tells you the possible words or answers, that can be made from those letters (think of it like a single word anagram). So, if you frequently play daily jumble (or similar word puzzle), this little site might come in handy when you're stuck for long, use it as a learning tool or to solve disputes among your friends. Or maybe you could use this to cheat (sometimes) and win :) A Jumble or Scramble Word Game is a game where a mixed up set of letters are provided and you have to unscramble the letters to find the word. Sometimes, clues are provided to help you figure out the puzzle. Other times, all you have are the jumbled letters. Jumble games involve the skill of solving anagrams. Anagrams are all the words that can be created with the letters of one word or phrase. The difference between an anagram and a word jumble is that with an anagram you start with an existing word and you jumble the letters to create new ones. With a word jumble puzzle, you start with a random scramble of letters and you have to find the word within the jumble. These types of puzzles will help you develop your skills and get better at games like Words with Friends and Scrabble. In those games, you're theoretically always solving a word jumble puzzle. You get a rack of 7 random letters and you have to unscramble the letters to find the best word for your turn. Solving word jumble games will sharpen your ability to unscramble words quickly and sufficiently. Tips to Excel at Jumble Word Games Whether or not the jumble word game your playing provides any images or clues, here are some tips to be an excellent puzzle solver. Get to Know Prefixes and Suffixes It's incredibly helpful when solving a word jumble to first identify all the prefixes and suffixes. Some of the most common prefixes are: ANTI- INTER- DIS- DE- NON- SEMI- PRE- And some of the most common suffixes are: Once you identify whatever prefixes and/or suffixes are in your jumble, it will be simple from you to solve the puzzle from there. It will help you easily identify the word lost within the scramble of letters. Understand Common Letter Combinations Noticing patterns of letters in words will help you quickly and efficiently solve jumble word puzzles. Once you identify these letter patterns in a puzzle, you will be able to quickly solve the puzzle after. Once again, this skill helps you when playing Words with Friends and Scrabble, too. What patterns am I talking about? For example, look for double consonants like LL or SS, because there's a good chance they might be together in the word. If there's a Q, there is most likely a U, and that will also give you a jump start on the solution. Some other common patterns and letter combinations are ST, PH, and CK. Use a Sheet of Paper When it comes to solving word scramble puzzles, a piece of scrap paper can be a major help to you. When you write out the letters of the puzzle, it will help your brain make all the possible letter combinations to solve the puzzle. Also, writing helps cement the puzzle into your memory, so you will start to better understand patterns that will help you succeed at Words with Friends and Scrabble in the future. Why It's Great to Play Word Jumble Games Aside from just being fun and mentally stimulating, solving word jumbles has a variety of other benefits. The consistent practice of noticing patterns of letters and words will help you be a better player in Scrabble, Boggle, Words With Friends, and more! Keep solving and playing jumble word games, it's a fun and beneficial way to spend your time. Example Here is a simple example to help you understand how this solver works. You enter ehv and hit the "Solve it" button. It will display the following words containing all the input letters. Note: The top row on jumble solver displays only the words matching exactly with the letters, unless you use advanced options or make use of blank tiles. Below that, you see words with all combination of letters (three letter and two letter words), you may use this text twist solver, that also unjumble words for text twist, scramble, words with friends etc or this one for solving crossword puzzles. If the number of words are way less than expected on the finder page, please make sure you're not applying too much filter via advanced options. Some words might get filtered as offensive words and they're displayed separately at the bottom of the page. Help us improve this site If you have any suggestion/idea for improving this website or adding new feature or something, feel free to email us. Update: Recently, we made some drastic changes to this website. Any feedback or comment is highly appreciated. Need advice on how to solve jumbled words easily? Trying to solve today's jumble puzzle? We're here to help you with that word jumble, between our tips and our jumble solver. It's a quick way to unscramble words. This word descrambler can help you unscramble a letter jumble to find words. Our word jumble solver is a fast dictionary search: simply enter your letters into the box and it will search through all the possible word ideas you can make from them. The jumble solver uses the same free dictionary that many of the online word games use (ENABLE), which covers most of the English language. You can also use the jumble solver as a text twist word descrambler or a jumble cheat. This particular jumble solver takes up to 12 letters; simply type them in the box and press the "get words" button. The list of words should update automatically. The jumble solver routine allows you to enter ? or * as a wildcard character (blank tiles). Use those symbols if you're trying to descramble a puzzle game with a couple of truly unknown letters. If you are trying to solve a multi-line letter jumble, enter all of the letters into the string the first time to get some initial word candidates. Once you solve for the first word, edit the letters out of your entry box and hit get words. You will then be shown what you can do with the remaining letters. The "Clear" button allows you to reset the entry box to the jumble solver's original settings. Think of this as a swiss-army knife of word solvers; most word games/puzzles are based on either scrambles (scrabble, boggle, word searches, word jumbles) or pattern completion (hangman, crosswords). This jumble solver addresses the one-dimensional version of the former (to unscramble words). If you are playing a specific game, take a look at the other solving tools on our home page to see if we have customized one for the game you are playing. Custom game tools would have features for things like game-specific scores, special tiles, etc. Worksheets and Word Lists We have a wide variety of worksheets and study assistance tools. Need to create word lists of jumbled word ideas to study vocabulary and spelling? We have tools for that. Have your students unscramble the letters to test their knowledge of vocabulary and concepts. Forcing them to solve anagrams for the core concepts of your course is a great way to confirm they have mastered it. You can even give them a short jumbled paragraph to see if they remember the words (like a cryptogram). These are particularly useful for homeschoolers during the current "stay at home" orders. (And don't worry about our jumble cheat or word solver tool; it usually can't solve proper nouns and unusual names. They will have to unjumble word puzzles manually. No scrambled word cheat for that game.) Of course, if you're in school it's important to keep your grades up during these digital learning days. (so stop playing that word game and pay attention; use our jumble solver wisely. Don't just grab the word jumble answers. Use the jumble helper to figure out how solve solve jumble puzzles the old fashioned way.) That's why we created a Finals Calculator to make sure your final grade is still on track. This simple calculator handles the essential question every student asks: What do I need to get on my final to pass? Because in reality, if you're bored enough to read this far down the page, you've probably been too busy with words with friends, boggle solving, playing word chums, or using another word cheat or jumble word solver this spring... [cue Ferris Bueller's Day Off post-credits scene] (perfect when you need a scramble word or word game help with a jumbled word. Jumble solver to the rescue!) Need another game, for when you're done solving word jumble puzzles? After you're done looking for jumble answer phrase ideas, find a way to use it in a meaningful sentence. That helps ensure your word jumble game sounds honest, even if multiple word answers are involved. You can use a word maker to unjumble words all you want, even for jumbled sentence questions, and possible words still sound legit. The phrase is the key. That's a level of play most word generator sites can't deliver. All part of our goal to help you use jumbled letters to make words. (we do so much, you should call this a jumbo solver instead of a jumble solver. The daily word jumble is going down.) We actually have a large collection of jumbled letters solver tools on this website. We wrote the first one, our hangman cheat, a couple of years ago. This tool is useful for guessing the unknown letters of a word that fit a particular pattern. If you're trying to use this for a scramble game, you will want to use our scramble helper, which provides a points value. The scramble helper includes extra filters to let you use letters already on the board. We created a words with friends version as well. The site also has tools for boggle and a cryptogram solver. You can even make a word search or printable word scramble. WWF Points, Printables, Game More From Hanging Hyena - Beyond The Jumble Solver Looking for new puzzles and word games? Is this jumble solver not enough? Are you not entertained? Sure, this daily jumble solver words great for jumbled word puzzles. You can even use it as a jumble crossword solver. The word descramble tool will provide results ranked by word length, in descending orders (so 5 letter words, then 4 letter words, etc). Then perhaps you need to check out our word unscrambler or anagram solver. Or our scramble word finder. It supports wildcard letter tiles (scrabble tiles), so you can use it for many word scramble game options. You can use our word generators for everything from text twist to jumble answers to scramble and brain teasers. Trying to spin phrases into sentences, let along meaningful sentences? We have essay writing helper tools as well. We're regularly expanding our collection of puzzle games and word games. Check out our Free Cryptogram puzzles if you are good at recognizing patterns. These are famous (or funny) quotes encrypted with a scrambled alphabet code - if you can guess the code, you can decipher the message. Or check out our new word swapz game if you like unscrambling words. Flip letters back and forth until you manage to figure out all the words in the puzzle. And if you get stuck, there's always the jumble solver to get a word jumble solution. Our word solver collection is pretty complete. How do you Fix Jumbled Words? Need word jumble help? Trying to unscramble a word? No worries, our unscrambler tool collection can help with that too! We offer a wide variety of word puzzle solver and jumble word finder tools to help crack pen and paper ciphers! We have solvers for boggle, scramble, and tools to help unscramble jumbled words. You can even use them to solve words with friends and the specialized versions of boggle (Scramble with Friends and large matrixes - 5 x 5 boggle and 6 x 6 boggle). And obviously, we have a jumble solver. Our hangman solver also works as a crossword solver. Descramble words for Puzzle Decoding This word generator works great when you need to unscramble word options for puzzle decoding projects. You can get answers for wildcards as well. Once you're done entering the scrambled letters, just hit the big green button to descramble letters into words. It will unscramble letters into all the new word options that you can make from the puzzle. From there, line the word list up against the puzzle clues and context of the puzzle. Bear in mind - the word scrambler is only processing against an english language dictionary (English words list); it will not catch loan words and foreign names (eg. a spanish word). You will need to use another word descrambler tool for that (since it will add many new word options to your possible solutions). They won't show up on the list of unscrambled words. Make Crossword Puzzles and Study Guides Finally, if you need to make a word scramble or crossword puzzle - for a class exercise, business icebreaker, party favor, or other special occasion - we've got tools for that too. You can even save you work for future events and classes. These are perfect for teachers, students, homeschoolers, coaches, Sunday school teachers, and team mom / dads.
